**A MIDDLE-AGED WOMAN** has a heart attack and is taken to the hospital. While on the operating table she has a near death experience. During, she sees God and asks if this is it. God says no and explains that she has another 30 years. Upon her recovery she decides to stay in

the hospital and have a face lift, liposuction-the works. She figures since she's got another 30 years she might as well make the most of it. She walks out of the hospital after the last operation and is killed by an ambulance speeding by. She arrives in front of God and complains, "I thought you said I had 30 years." God replies, "I didn't recognize you."
